

PRESS RELEASE

New Partnership: AS 24 Cards Now Accepted at LIQVIS Stations in Germany

Berlin, Germany, 1 September 2023 - From today, AS 24 fuel card holders will have access to the expanding LIQVIS station network.

The AS 24 fuel card can now be used for cashless payments at LIQVIS liquefied natural gas (LNG) stations across Germany. In addition to the recently opened station in Fulda, LIQVIS currently operates a network of 13 LNG stations in Germany and 3 in France. The expansion of the station network and the introduction of bio-LNG are planned.

Sebastian Gröblichhoff, Managing Director of LIQVIS GmbH, states: "We are delighted to have AS 24 as our new business partner. Together, we strive to provide logistics companies with access to a reliable and continuously growing network of LNG stations. Additionally, AS 24 and LIQVIS are committed to promoting the decarbonization of truck road transport and making a substantial contribution to reducing CO2 emissions in the transportation sector."

Steffen Eckert, Managing Director of AS 24 Germany and Scandinavia, comments: "LIQVIS is a valuable partner for us. This new agreement allows us to offer our customers an extensive and attractive network of stations for LNG vehicles. The well-located sites in the highly frequented transit of Germany are particularly interesting for our customers. We are thrilled to collaborate with a partner like LIQVIS."

More LIQVIS stations will be operational later this year. LIQVIS aims to achieve carbon-neutral truck logistics by establishing strategic partnerships for the supply of bio-LNG from sustainable sources. As an alternative fuel for trucks, LIQVIS will soon offer its initial units of bio-LNG at its LNG stations in Germany.

About AS 24

AS 24 is a major player in the sector of road transport mobility, providing a multi-energy offer (Diesel, AdBlue®, CNG, LNG, ...) in a secured network of over 1,400 dedicated HGV service stations in 29 countries and toll solutions covering 18 countries. More information on www.as24.com

About LIQVIS

LIQVIS, a wholly-owned subsidiary of Uniper SE, constructs and operates demand-driven infrastructure for LNG in heavy-goods traffic. Founded in 2015, LIQVIS has been operating LNG filling stations at strategic transport hubs for lorries in Germany and France since 2017. To meet the increasing demand for alternative fuel, a systematic expansion of the German LNG filling station infrastructure is planned in addition to the 13 existing stations. For more information about LIQVIS, please visit www.liqvis.com.

About TotalEnergies

TotalEnergies is a global multi-energy company that produces and markets energies: oil and biofuels, natural gas and green gases, renewables and electricity.
